

World Field Target Federation

WFTF Resolution n° 25 / 2023

"2025 World Championship Host"

Dear WFTF Regional Governing Body members,

I'm pleased to announce that Northern Ireland has agreed to and been allocated the rights to host the World FieldTarget Championships in 2025.

Details of the venue will be announced when NI have completed their assessment of potential sites for their WFTC.

The WFTF wishes Northern Ireland all the best with their preparations and I'm sure we will see a serious commitment to deliver a high-quality venue and competition.

Yours Sincerely,

John Johnston
WFTF Interim
President
